

SENATE RESOLUTION #SR010

A RESOLUTION TO PLACE SPEED BUMPS ON THE ROAD TO THE PARKING STRUCTURES

Short Title: Speed Bump Resolution (Public)

Introduced by: Senator Akers

Sponsored by: Senator Akers

Co-Sponsored: N/A

Reading: **Version Date:** January 27, 2016

Referred to: PRESIDENT OF THE SEANTE

- 1 **WHEREAS**, currently there is a road that stretches from the entrance off 35th Ave. to the
- 2 Chaparral and Saguaro Residence Halls. Not only is this road very busy during
- 3 many times of the day, and even busier as 5:00pm rolls around each evening.
- 4
- 5 **WHEREAS**, due to the fact that there are no speed bumps currently on that road, cars have the
- 6 ability to drive at whatever speeds they feel deemed worthy. This causes a very
- 7 unsafe environment for student who have to walk to the parking structures to
- 8 leave campus, and back onto campus. Not to mention the ones crossing the road to
- 9 get to the Grove Residence Halls.
- 10
- 11 **RESOLVED**, the university takes these factors into consideration and decides to implement
- 12 this resolution and place speed bumps on this road.
